

Blossom Bridge Project Stakeholder Committee Meeting

Project Description:

The South Carolina Department of Transportation (SCDOT) is proposing to replace the current Blossom Street Bridge. The Blossom Street Bridge is located in the heart of downtown Columbia between Huger Street and Gadsden Street, and over the Norfolk Southern and CSX Transportation railroads.

Traffic Analysis: Options Studied

Options for constructing the new roadway/bridge

Full Road/Bridge Closure **1**

All traffic to find alternate routes

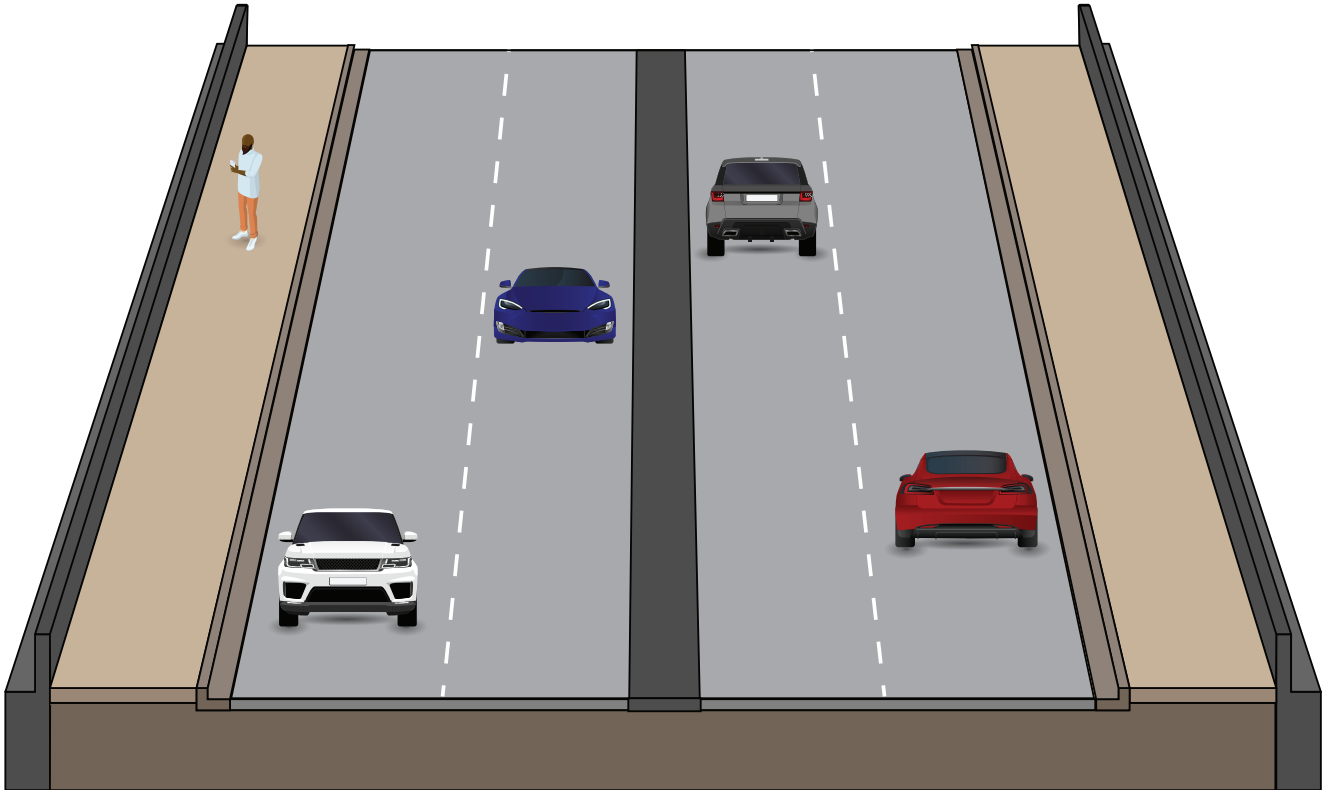

Two Lanes, Both Directions **2**

Maintain two lanes of traffic, one in each direction

Potential Typical Section

Project Next Steps
